## A CHURCH for All SEASONS

### The HISTORY & ARCHITECTURE of the UNION CHURCH Lake Orion, Michigan

by LESLIE PIELACK

This little book on one of Lake Orion's oldest and most important buildings has been published for the Orion Historical Society to raise funds for the Union Church's ongoing restoration.

It places the history of the church in the context of the story of the Village of Lake Orion, from its beginnings in the settlement era of Orion as a multi-congregation "union" church through the Civil War, and the coming of the railroad. It includes Orion's Gilded Age resort era, devastating Village fires, changing congregations, the Depression, and World War II. The unique story of the building's deed and reversion to the Village, and attempts to preserve and restore the building bring special detail to its story which also includes historic photos, graphics, drawings, and old maps

*Details: 100 pp., hardcover, foil stamped; 47 illus.; complete bibliography & index.*

This hardcover version has a limited run and will be signed and numbered. *As a fundraiser, the Orion Historical Society is asking \$50.00 per book, but you are welcome to contribute more!* All proceeds will go into the Historical Society's Union Church Restoration Fund. Your contribution may be partially tax deductible. The Orion Historical Society is a 501(c)(3) non-profit organization.

Public signing and sales will be announced, or you can reserve your copy by mailing in your order below. Please include shipping amount or your arrangements for picking up your order.
